

WorldCat® Discovery Services

OCLC and the Organisation for Economic Cooperation and Development (OECD) have partnered to provide access to your OECD iLibrary subscription content through **WorldCat® Discovery Services**, maximizing your subscription value. WorldCat Discovery enables your users to discover more than 1.5 billion electronic, digital and physical resources in libraries around the world through a single search of WorldCat and a central index representing more than 2,000 e-content collections.

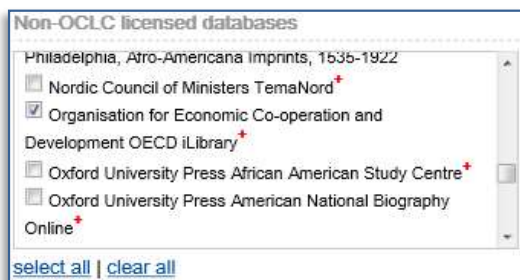

The OCLC/OECD partnership increases your users' visibility into your OECD iLibrary subscription content and enables links to OECD full text through either the WorldCat knowledge base or a knowledge base already in place at your library.

WorldCat Discovery Benefits for OECD iLibrary Subscribers

- Allow users to see relevant items from the OECD iLibrary in their default search results
- Offer access to nearly 10,000 e-books, 4,000 articles and 5 billion data points related to economics, agriculture, development, governance and other topics
- Give users an opportunity to find OECD's books, papers, statistics, data and analysis
- Provides access to content published by OECD, International Energy Agency, Nuclear Energy Agency and International Transport Forum
- Content available in a range of formats to best suit user's needs - PDF, XLS, HTML, EPUB, etc.
- Create a database group to search the OECD iLibrary and databases with related content together

Next steps

Access your OECD iLibrary subscription through WorldCat Discovery!

1. Review your searchable databases.

Go to the OCLC Service Configuration page at worldcat.org/config. Sign in, select **Metasearch Content** from the left menu, and choose **Licensed Content and Databases**.

2. Add the OECD iLibrary.

Click the **add/remove databases** button. Simply select the **OECD iLibrary** and click **Done** to allow your users to search the database.
